

Malden

IT'S TIME FOR AN UPGRADE!

Your new blue curbside recycling cart and black trash cart will have two wheels for easy maneuvering and lids to keep everything inside. This change will make transporting your recycling to the curb easier and save time by allowing recycling to be mixed together in one blue cart - no more separating!

Both carts will be dropped off at your residence in April along with important program information.

Meet your new recycling and trash carts, Malden.

What you need to know as a homeowner

- In April, 2021, you will receive one black trash cart and one blue recycling cart for each legal unit as indicated by our assessing records up to 6 family homes.
- Your black trash cart will have two options - put in blue PAYT bags or purchase annual hang tag for \$75 annually to put regular household trash bags inside.
- Your recycling cart will be mixed recycling - no more separating.
- You can still use lidded carts you already own for overflow.
- You can opt out of receiving new carts if you already own lidded carts and don't have room for more. Visit cityofmalden.org/trash before April 7th and submit an opt out form. Only the homeowner can choose to opt out.
- As of July, 2021, you can purchase additional carts for overflow.
- As of July, 2021, you can purchase above mentioned hang tags for trash carts.
- After your new carts arrive, JRM will take away your old 18 gallon open-top blue bins if you put them out on your collection day. Feel free to keep them and reuse them in another way but if they are placed at the curb, they will be taken away for good.
- This program will NOT be billed to your tax/water bill so this will not affect whatever arrangement you had with your tenants regarding trash and recycling. As of July, 2021, you will have the option to purchase hang tags.
