**PROJECT DESCRIPTION:** *(Please include what community need this project is trying to address and how this project aligns with CPC goals)*

Our project aligns with Community Preservation Plan general priorities in these ways:

The project restores the Oak Grove Community Building, which was built in 1928 and was historically available for community meetings and special events.

Our project aligns with Community Preservation Plan priorities within CPA focus areas in these

**ways:** This project revitalizes the existing community building and makes it ADA accessible. Possible building uses include a Community Center, library annex, or museum of Malden history. (Historic Preservation Priorities 1,3, and 4)

**PROJECT STATUS:** *(Please include what level of planning has already been undertaken to inform the proposal)*

The ADA accessibility has been discussed with the Public Property Committee of the City Council. The project idea has been presented to the public and the CPC at a ward 4 meeting on 4/25/18. A number of Malden residents have expressed support of the project. Currently, the building is being used to store part of the City's archives, so this project is contingent on the new City Hall construction schedule.
