

The City of Malden & Councillor Ryan O'Malley
invite you to an online Community Meeting for
Spot Pond Brook Greenway - Feasibility Study

Wednesday, September 30th at 6PM

Please join us for a discussion of the project and the first
opportunity to provide **YOUR INPUT!**

For more info and to sign in for the online meeting go to:
www.cityofmalden.org/spotpondbrookgreenway

Spot Pond Brook historically flowed through Malden as part of
a significant drainage area that fed the Malden River.

Inspired by its original
watercourse, the
**Spot Pond Brook
Greenway**
is envisioned as
a multi-use, non-
motorized path
linking the Oak Grove
neighborhood to
downtown Malden, the
Northern Strand
Community Trail, and
the Malden River.

The **Spot Pond Brook Greenway -
Feasibility Study** is the first step in
the creation of this significant
community transportation and
recreation corridor.
