EMPLOYEE BENEFITS SUMMARY

Enrolling in Benefits

Eligible new employees (full-time and permanent part-time employees whose regular schedule is twenty or more hours per week) have **30 days** to enroll in benefits for you and your dependents. Failure to submit your election within the 30 day deadline will result in exclusion from medical insurance and any voluntary benefits offered by the City, **unless you have a qualifying change of life event**. Otherwise, you will have to wait for the Open Enrollment period (mid-April through mid-May) for the next Fiscal Year, effective July 1st. The City of Malden pays a percentage of the premium cost for the Medical Insurance and Basic Life Coverage.

Availability of Summary Medical Benefits and Coverage (SBC)

- As an employee, the medical benefits available to you represent a significant component of your total employment package. They also provide important protection for you and your family in the case of illness or injury. Choosing a medical coverage option is an important decision. To help you make an informed choice, you have available a Summary of Benefits and Coverage (SBC), which summarizes important information about any medical coverage option in a standard format, to help you compare across options. Deferred Compensation (457 Plan)

A deferred compensation plan is a supplemental retirement savings program which allows participants to make contributions on a pre-tax basis. Federal, and in most cases, state income taxes are deferred until your assets are withdrawn, usually during retirement when you may be in a lower tax bracket. A 457 plan is similar to a 401(k) plan, except there are never employer matching contributions and the IRS does not consider it a qualified retirement plan. Employees may choose to participate in this program at any time, subject to calendar year contribution limits set by the Internal Revenue Service (IRS) Code.

Open Enrollment

Open Enrollment is an annual event which begins in mid-April and continues through mid-May which allows you to enroll in voluntary benefits or change your current benefits for the next Fiscal Year, effective July 1st. Open Enrollment information will be sent to you through your payroll clerk or Union President.

Qualifying Change of Life Event

To change benefits coverage when a qualifying change of life event occurs, you must act within 30 days of the date of the event. Otherwise, you will have to wait for the next Open Enrollment period. You will be asked to provide documentation of the qualifying change of life event. Qualifying change of life events are as follows:

- Marriage or divorce – photocopy of marriage certificate or divorce decree
- Birth, adoption, placement for adoption, *guardianship, or the addition of a child through marriage (stepchild) – photocopy of birth certificate showing parent-child relationship of insured or insured's spouse
- Adopted children: photocopy of proof of placement letter or adoption
- Death or loss of a dependent – death certificate
- Loss of coverage due to a change in your spouse's employment status - letter from your spouse's employer or COBRA continuation letter
- Loss of coverage due to age change for Dependent children - letter from parents employer or COBRA continuation letter

** For legal guardianship, in addition to the above, a dependent remains eligible only until the expiration date stipulated by the court within the Letters of Guardianship.*

Effective Date of Coverage Change

If you are requesting to remove an ineligible dependent or cancel coverage, changes are effective the first of the following month. Any necessary adjustments to your deductions due to a change in benefit enrollment will be made from your paycheck. Changes in deductions are retroactive to the event date.

Dependent Coverage Definition

- An employee's spouse, child (up to age 26) by birth, adoption, placement for adoption, guardianship, or the addition of a child through marriage (stepchild), and any child 26 years of age or over who is mentally or physically incapable of earning his/her own living, provided that any additional premium which may be required is paid for the coverage of such handicapped child.
- An employee's child is allowed to be covered on his/her parent's medical plan until the age of 26, regardless of the dependent status of the child, however the child's spouse and/or children are not eligible for coverage.
