STATEMENT of WATER SERVICE PIPE MATERIAL (Water Main to Water Meter)

DATE _____ ADDRESS OF PROPERTY _____

OWNER OF PROPERTY _____

CONTACT PHONE # _____

This Statement describes the water service pipe material as per city records and site inspection.

Understanding that these are underground pipes, this statement is made to the best of our knowledge. In the event any lead pipe remains on the private side, the City is not to be held liable.

Properties transferring ownership or obtaining a building permit for \$30,000 or more are to have water service pipes made of lead removed and replaced with copper. If the water service pipe on the private property is lead the property owner will be responsible to replace it. If the water service pipe from the water main to the property line is lead, the City will replace it. Meters and adjacent piping are to be accessible.

To be filled out by City Official:

RESIDENTIAL _____ COMMERCIAL _____ Approximate Construction Date _____
